

# Real World Case Studies of Bottom-Line Benefits

EXPERTISE

**Corporate Synergies** provides its clients with comprehensive expertise in plan design because we're not brokers. We're business people and HR professionals who know insurance, benefits and administration.

## Companies with 250 - 500 Employees

**25%**  
SAVED

*We saved 25% on our dental plan, with no change in benefits*

### Dental Plan

#### Employer Challenge

Firm was faced with spiraling medical costs, making it increasingly difficult to maintain a dental benefits plan.

#### Background

- The client, a division of a larger corporation, wanted to maintain its existing separate dental benefit plan without passing additional costs to employees or cutting back on benefits
- Previous negotiations with plan carrier failed to yield significant price relief

#### How Corporate Synergies Responded

- Took dental plan out to market and aggressively shopped coverage with both competing and current carriers
- Lined up similar benefits with a competing carrier at a steep savings

#### Results

- Client achieved an immediate savings of 25%
- Even with the change in carrier, there were no changes in benefits to employees

## CLIENT SAVINGS

**\$65,000**

The client attained a one year real-dollar savings of \$65,000.
