# 2010 Advantage Three-Tier Prescription Drug List (PDL) Reference Guide

## Your pharmacy benefit offers flexibility and choice in finding the right medication for you.

This guide will:

1. Help you understand your medication choices and make informed decisions.
2. Help you understand which questions to ask your doctor or pharmacist.

## What is a Prescription Drug List (PDL)?

A PDL is a list that categorizes medications, products or devices that have been approved by the U.S. Food and Drug Administration (FDA) into tiers.

Your pharmacy benefit provides coverage for a comprehensive selection of prescription medications. Below you will find some commonly prescribed medications for certain conditions. You and your doctor can refer to our PDL on our Web site, [www.oxfordhealth.com](http://www.oxfordhealth.com), to select the right medication to meet your needs. The benefit plan documents provided by your employer or health plan include a Summary Plan Description (SPD) or a Certificate of Coverage (COC) and Prescription Drug Rider. Please refer to these documents to determine which medications are covered under your plan.

## Understanding tiers

Prescription medications are categorized within three tiers. Each tier is assigned a copayment or coinsurance, the amount you pay when you fill a prescription, which is determined by your employer or health plan. Consult your benefit plan documents to find out the specific copayments, coinsurance and deductibles that are part of your plan. **Some plans may require you to pay the entire cost of the medication until the plan deductible has been met. Once the plan deductible has been met, your copayment or coinsurance will apply.**

### Tier 1 – your lowest-cost option

Tier 1 medications are your lowest copayment option. For the lowest out-of-pocket expense, you should always consider Tier 1 medications if you and your doctor decide they are right for your treatment.

### Tier 2 – your midrange-cost option

Tier 2 medications are your middle copayment option.

### Tier 3 – your highest-cost option

Tier 3 medications are your highest copayment option. If you are currently taking a medication in Tier 3, ask your doctor whether there are lower-cost Tier 1 or Tier 2 medications that may be right for your treatment.

*Note: Compounded medications are medications with one or more ingredients that are prepared “on-site” by a pharmacist. These are classified at the Tier 3 level.*

If you have pharmacy benefit coverage with Oxford, you may learn more about your benefit by visiting [www.oxfordhealth.com](http://www.oxfordhealth.com), or by calling Customer Service at the pharmacy telephone number printed on your Oxford member ID card. If you are not currently enrolled with Oxford for pharmacy benefit coverage, you may access [www.oxfordhealth.com](http://www.oxfordhealth.com) for additional information during your open enrollment period or you may contact your employer or health plan for additional information.

In certain documents, the Prescription Drug List (PDL) was referred to as the “Preferred Drug List (PDL).” This change in descriptive terms does not affect your benefit coverage. Where differences are noted between this PDL reference guide and your benefit plan documents, the benefit plan documents will govern.

## **Who decides which medications get placed in which tier?**

Our PDL Management Committee makes tier placement decisions. The Committee's goal is to help ensure access to a wide range of medications, while controlling health care costs for you and your employer or health plan. The PDL Management Committee comprises senior level UnitedHealth Group physicians and business leaders. You and your doctor decide which medication is appropriate for you.

## **What factors does the PDL Management Committee look at to make tier placement decisions?**

The PDL Management Committee decides the tier placement of a particular prescription medication based on clinical information from the UnitedHealthcare Pharmacy and Therapeutics (P&T) Committee and economic considerations. The Committee looks at the overall health care value of a particular medication, balancing the need for flexibility and choice for you and an affordable pharmacy benefit for employer groups and health plans.

## **How often will prescription medications change tiers?**

Medications may change tiers up to six times per calendar year, depending on your benefit. Most changes will occur on January 1 and July 1. Additionally, when a brand-name medication becomes available as a generic, the tier status of the brand-name medication and its corresponding generic will be evaluated. When a medication changes tiers, you may be required to pay more or less for that medication. These changes may occur without prior notice to you. For the most current information on your pharmacy coverage, please call Pharmacy Customer Service at the telephone number on your Oxford member ID card or visit [www.oxfordhealth.com](http://www.oxfordhealth.com).

## **What is the difference between brand-name and generic medications?**

Generic medications contain the same active ingredients as brand-name medications, but they often cost less. Generic medications become available after the patent on the brand-name medication expires. At that time, other companies are permitted to manufacture a FDA-approved, chemically equivalent medication. Many companies that make brand-name medications also produce and market generic medications.

The next time your doctor gives you a prescription for a brand-name medication, ask if a generic equivalent or lower tier alternative is available and if it might be appropriate for you since generic medications are typically your lowest-cost option. Go to [www.oxfordhealth.com](http://www.oxfordhealth.com) to determine the copayment for your generic medication.

## **Why is the medication that I am currently taking no longer covered?**

Medications may be excluded from coverage under your pharmacy benefit. For example, a prescription medication may be excluded from coverage when it is therapeutically equivalent to another prescription medication or over-the-counter medication.<sup>1</sup> There may be alternatives on the PDL or other over-the-counter medications that are appropriate for your treatment.

<sup>1</sup> This is not applicable for plans written in New Jersey. For Connecticut and New York plans, a prescription drug product that is therapeutically equivalent to an over-the-counter drug may be covered if it is determined to be medically necessary.

If you have pharmacy benefit coverage with Oxford, you may learn more about your benefit by visiting [www.oxfordhealth.com](http://www.oxfordhealth.com), or by calling Customer Service at the pharmacy telephone number printed on your Oxford member ID card. If you are not currently enrolled with Oxford for pharmacy benefit coverage, you may access [www.oxfordhealth.com](http://www.oxfordhealth.com) for additional information during your open enrollment period or you may contact your employer or health plan for additional information.

In certain documents, the Prescription Drug List (PDL) was referred to as the "Preferred Drug List (PDL)." This change in descriptive terms does not affect your benefit coverage. Where differences are noted between this PDL reference guide and your benefit plan documents, the benefit plan documents will govern. Where differences are noted between this PDL reference guide and your benefit plan documents, the benefit plan documents will govern.

### **When should I consider discussing over-the-counter or non-prescription medications with my doctor?**

An over-the-counter medication can be an appropriate treatment for some conditions. Consult your doctor about over-the-counter alternatives to treat your condition. These medications are not covered under your pharmacy benefit, but they may cost less than your out-of-pocket expense for prescription medications.

### **Why are there notations next to certain medications in the PDL, and what do they mean?**

The specific definitions for these notations (SL, N, etc.) are listed at the bottom of each page of the PDL and refer to our pharmacy programs. These programs, as well as our drug utilization review processes, can help confirm coverage based on your benefit plan.

Please call Pharmacy Customer Service at the telephone number on your Oxford member ID card if you need additional information about these notations.

### **What should I do if I use a self-administered injectable medication?**

You may have coverage for self-administered injectable medications through your pharmacy benefit plan. We have developed a specialty pharmacy network<sup>2</sup> for these medications. Please call the toll-free Specialty Pharmacy Referral Line at 1-866-429-8177. A representative will answer questions about our program and transfer you to a specialty pharmacy based upon your particular specialty medication prescription.

### **How do I access updated information about my pharmacy benefit?**

Because the PDL and other pharmacy information may change periodically, for more current information, please visit [www.oxfordhealth.com](http://www.oxfordhealth.com) or call Pharmacy Customer Service at the telephone number on your Oxford member ID card.

### **What if I still have questions?**

Please call Pharmacy Customer Service at the telephone number on your Oxford member ID card. Representatives are available to assist you 24 hours a day, seven days a week, except Thanksgiving and Christmas.

<sup>2</sup> Not all plans require use of the specialty network. Please refer to your Prescription Drug Rider to determine if the specialty pharmacy network is required as part of your plan.

If you have pharmacy benefit coverage with Oxford, you may learn more about your benefit by visiting [www.oxfordhealth.com](http://www.oxfordhealth.com), or by calling Customer Service at the pharmacy telephone number printed on your Oxford member ID card. If you are not currently enrolled with Oxford for pharmacy benefit coverage, you may access [www.oxfordhealth.com](http://www.oxfordhealth.com) for additional information during your open enrollment period or you may contact your employer or health plan for additional information.

In certain documents, the Prescription Drug List (PDL) was referred to as the "Preferred Drug List (PDL)." This change in descriptive terms does not affect your benefit coverage. Where differences are noted between this PDL reference guide and your benefit plan documents, the benefit plan documents will govern.

### Anti-Infectives Antibiotics

#### Tier 1

A-B Otic  
 Amoxicillin Trihydrate Capsule,  
 Chewable Tablet, Drops,  
 Suspension, Tablet  
 Amoxicillin Trihydrate/  
 Potassium Clavulanate  
 Azithromycin  
 Cefaclor  
 Cefadroxil Hydrate  
 Cefpodoxime Tablet  
 Cefprozil  
 Cefuroxime  
 Cephalexin Monohydrate  
 Cephadrine Capsule  
 Ciprofloxacin Tablet  
 Clarithromycin Tablet  
 Clindamycin HCl 150, 300 mg  
 Dicloxacillin Sodium Capsule  
 Dimethyl Sulfoxide Solution,  
 Non-Oral  
 Doxycycline Hyclate  
 Doxycycline Monohydrate  
 Capsule  
 Erythromycin Base Capsule,  
 Delayed-Release  
 Erythromycin Base Tablet,  
 Enteric-Coated 250, 333 mg  
 Erythromycin Estolate  
 Erythromycin Ethylsuccinate  
 Erythromycin Ethylsuccinate/  
 Sulfisoxazole Acetyl  
 Erythromycin Stearate  
 Methenamine Mandelate  
 Metronidazole  
 Minocycline HCl  
 Neomycin Sulfate  
 Neomycin/Polymyxin/HC Otic  
 Nitrofurantoin Macrocrystal  
 Nitrofurantoin/Nitrofurantoin  
 Macrocrystal  
 Ofloxacin  
 Ofloxacin Otic  
 Penicillin V Potassium  
 Sulfadiazine  
 Sulfamethoxazole/Trimethoprim  
 Sulfisoxazole  
 Tetracycline HCl  
 Trimethoprim

#### Tier 2

Augmentin  
 Cefdinir **SL**  
 Cerumenex Otic  
 Chloromycetin Otic  
 Cipro Suspension  
 Ciprodex Otic  
 Clarithromycin Suspension  
 Clarithromycin Sustained-Release  
 Tablet  
 Cleocin HCl 75 mg  
 Dapsone  
 Furadantin Suspension, Oral  
 Gantrisin  
 Levaquin Tablet, Solution  
 Macrochantin 25 mg  
 Tobin  
 Vancocin HCl  
 Velosef 250 mg Suspension  
 Zyvox

#### Tier 3

Adoxa **N**  
 Augmentin XR **N**  
 Avelox  
 Cedax  
 Ciprofloxacin Tablet,  
 Sustained-Release 24 Hour  
 Dispermox  
 Doryx **N**  
 EryPed Tablet, Chewable  
 Factive  
 Geocillin  
 Keftab  
 Ketek  
 Monurol  
 Neggram  
 Noroxin  
 Oracea  
 PCE  
 Primsol  
 Proquin XR  
 Raniclor Tablet, Chewable  
 Solodyn  
 Suprax  
 Vibramycin Suspension  
 Vibramycin Syrup  
 Xifaxan  
 Zagam  
 Zmax

Some medications are noted with the symbols below. Your benefit plan determines how these medications may be covered for you.

**N** Notification required   **P** Progression Rx   **SL** Supply limit   **1/2T** Eligible for Half Tablet Program

## 2010 Advantage Three-Tier Prescription Drug List (PDL) Reference Guide

### Anti-Infectives Antifungals

#### Tier 1

Clotrimazole Troche  
Fluconazole  
Griseofulvin Microsize  
Suspension  
Griseofulvin Ultramicrosize  
Itraconazole Capsule **SL**  
Ketoconazole  
Nystatin  
Terbinafine HCl Tablet **SL**  
Terconazole Vaginal

#### Tier 2

Clindesse Vaginal  
Metronidazole Vaginal  
Mycostatin  
Noxafil  
Sporanox Solution, Oral  
Vfend **SL**

#### Tier 3

Ancobon  
Fulvicin U/F  
Gynazole-1 Vaginal  
Lamisil Granules **SL**

### Anti-Infectives Antivirals

#### Tier 1

Acyclovir  
Amantadine HCl  
Ganciclovir  
Ribavirin **SL N**  
Rimantadine HCl Tablet

#### Tier 2

Baraclude  
Epivir HBV  
Famciclovir **SL**  
Hepsera  
Rebetol Solution **SL N**  
Valcyte **SL**  
Valtrex **SL**

#### Tier 3

Flumadine Syrup  
Relenza **SL**  
Tamiflu **SL**  
Tyzeka

### Cardiovascular/Heart Disease Coagulation Therapy

#### Tier 1

Cilostazol  
Dipyridamole  
Heparin Sodium  
Sulfapyrazone  
Ticlopidine HCl  
Warfarin Sodium

#### Tier 2

Arixtra **SL**  
Coumadin  
Lovenox **SL**  
Plavix

#### Tier 3

Aggrenox  
Fragmin **SL**  
Innohep **SL**

Some medications are noted with the symbols below. Your benefit plan determines how these medications may be covered for you.

**N** Notification required **P** Progression Rx **SL** Supply limit **1/2T** Eligible for Half Tablet Program

## 2010 Advantage Three-Tier Prescription Drug List (PDL) Reference Guide

### Cardiovascular/Heart Disease High Blood Pressure

#### Tier 1

Acebutolol HCl  
 Amiloride HCl  
 Amiloride HCl/  
 Hydrochlorothiazide  
 Amlodipine Besylate  
 Atenolol  
 Benazepril HCl  
 Benazepril/Hydrochlorothiazide  
 Betaxolol HCl  
 Bisoprolol Fumarate/  
 Hydrochlorothiazide  
 Bumetanide  
 Captopril  
 Captopril/Hydrochlorothiazide  
 Carvedilol  
 Chlorothiazide Tablet  
 Chlorthalidone  
 Clonidine HCl  
 Clonidine HCl/Chlorthalidone  
 Diltiazem HCl  
 Diltiazem HCl Capsule,  
 Controlled-Release  
 Diltiazem HCl Capsule,  
 Sustained-Release 12 Hour  
 Doxazosin Mesylate  
 Enalapril Maleate  
 Enalapril Maleate/  
 Hydrochlorothiazide  
 Felodipine  
 Fosinopril  
 Fosinopril/Hydrochlorothiazide  
 Furosemide  
 Guanfacine HCl  
 Hydralazine HCl  
 Hydralazine HCl/  
 Hydrochlorothiazide  
 Hydrochlorothiazide  
 Indapamide  
 Isradipine  
 Labetalol HCl  
 Lisinopril  
 Lisinopril/Hydrochlorothiazide  
 Methylothiazide  
 Methylodopa 250, 500 mg  
 Methylodopa/  
 Hydrochlorothiazide  
 Metolazone

#### Tier 2

Aceon **1/2T**  
 Aldactazide 50-50 mg  
 Azor **SL**  
 Benicar **SL 1/2T**  
 Benicar HCT **SL**  
 Bystolic  
 Cardizem CD 360 mg  
 Cardizem LA  
 Cozaar **SL 1/2T**  
 Dibenzyline  
 Diltiazem HCl Capsule,  
 Sustained-Action  
 Diltiazem HCl Capsule,  
 Sustained-Release 24 Hour  
 Enduron 2.5 mg  
 Eplerenone  
 Hyzaar **SL**  
 Metoprolol Succinate Tablet,  
 Sustained-Release 24 Hour  
 50, 100, 200 mg  
 Micardis **SL**  
 Micardis HCT **SL**  
 Moexipril HCl **1/2T**  
 Nisoldipine 20, 30, 40 mg  
 Quinapril HCl/Hydrochlorothiazide  
 Sular 8.5, 10, 17, 25.5,  
 34 mg

#### Tier 3

Amlodipine/Benazepril **SL**  
 Atacand **SL 1/2T**  
 Atacand HCT **SL**  
 Avalide **SL**
